

CORAVIN® Sparkling™

Introducing Coravin Sparkling™, the first sparkling wine preservation system that allows you to open a bottle one weekend, then finish it at brunch the next. Whether it's a pre-dinner glass of bubbly, celebrating the end of a long day, or kicking off the weekend, now you can pop any bottle of sparkling wine without hesitation.

The Coravin Sparkling™ Sparkling Wine Preservation System preserves the crisp flavour and effervescence of your favourite sparkling wines for 2 weeks, guaranteeing that the last glass will taste just as amazing as the first.

UNMATCHED PRESERVATION

lets you pour from the same perfectly preserved bottle for 2 weeks

UNIVERSAL SECURE FIT on sparkling wine bottles

CO₂ CAPSULES
each preserve up to
7 standard 750ml Bottles

EASY-TO-READ STATUS INDICATOR

Know when your bottle is fully charged with CO₂ gas or when to replace your Capsule.

CORAVIN PURE SPARKLING CO₂ CAPSULES

Proprietary Capsules filled with pure CO₂ preserve the flavour and bubbles in your bottles.

SPARKLING STOPPER LOCKS SECURELY ON ANY BOTTLE

The patent pending Sparkling Stopper adjusts to fit any standard or magnum bottle and locks securely in place.

CHARGE YOUR SPARKLING WINES WITH CO₂

The Coravin Sparkling System charges your bottle with pure CO₂ gas, creating a protective layer to maintain your wine's bubbly freshness.
